LEDGER

WEEKLY REPUBLICAN—1867.
DAILY PUBLIC LEDGER—1868.

The cycles mock her,
The red storms rock her,
The earthquakes shock her,
But on she rolls!
Downcast, clad—
For ruin slated,
She still goes freighted
With human souls!

II.
The great seas thunder
And rend asunder—
The white stars wonder,
As Time grows gray;
But—reaping, sowing,
Her way she's going
To meet—unknowning—
A Judgment Day.

III.
But—joy go with her!
Nor slip his tether
When stormy weather
Makes grief and moon:
Tragedy—jest world—
Lost unto rest world,
Still—still the best world
We ever have known.
—Atlanta Constitution.

THE movement to combine the Populists, Bimetallists, Reformers and other Cranks into a National political organization promises to receive a new impetus at the conference now being held in Denver. Some of those who have signified their sympathy with the aims and objects of the new party are the illustrious GEORGE FRED WILLIAMS of Massachusetts, CLARENCE S. DARROW of Chicago, former Governor POYNTER of Nebraska and the dis-Honorable anti-American EDWARD ATKINSON of Boston, President of the anti-Imperialist League. They're a nice lot, without a party and without a good word for the country which protects them.

THE decision reached by the bookbinders at the Government Printing Office to postpone their threatened strike for the present at least

recalls a similar incident in relation to the proposed strike by the printers in the Government Printing Office about twenty-five years ago.

At that time there was a member of Congress from the West named VANCE who angered the members of the Typographical Union by making remarks and references unfavorable to the Union. The members were so much displeased with Mr. VANCE that they determined to defeat him for re-election and went out in his District and worked so hard against him that he was defeated.

During the next session of Congress, which was a short session, there was a deficiency in the appropriation for the Government Printing Office, and application was made for an appropriation. VANCE happened to be a member of the Committee on Printing and had the

WEAK, IRREGULAR, PAINFUL HEARTS

Sometimes the heart grows irregular as the seat of pain and pressure. People are apt to think it due to some organic or structural disease of that organ, when the cause is comparatively simple—a weakened motor power—a trouble wholly due to the nervous system, perhaps aggravated by nervous dyspepsia. Put the nervous system right—give it strength and tone—supply through its medium the heart with power and the stomach with digestive juices and the trouble fades like snow in a summer sun. It is for this wonderful power Dr. A. W. Chase's Nerve Pills are world famous.

Mr. Thomas Maher of No. 212 Lee street, Maysville, Ky., says—

"I have been a sufferer for some time from heart failure and acute nervous indigestion. Hearing of Dr. A. W. Chase's Nerve Pills I got a box at Chenoweth's Drugstore and now I am pleased to say the pains in that region of the heart have disappeared completely—its action is strong and regular and appetite is fine. I can recommend this medicine very highly as safe, reliable and certain in such afflictions."

amount of the deficiency asked for put in the bill. But remembering what the printers had done to him in defeating him for re-election, he had inserted in the appropriation that the printers should be paid at a rate of forty cents per thousand instead of fifty cents, the ratio then being paid, this to take effect after the short session, and as the appropriation was on an important bill, it went through at the last moment of the session and the President signed it. The printers in the Government Printing Office when they heard it were most indignant and at once a meeting was called and threats were made of going out on a strike. At the meeting, which was a long one, a number of extremists spoke in favor of an immediate walk-out, saying that the Government could not get along without them, and as Congress was still in session, it would pass a bill repealing the section of the appropriation bill reducing the wages of the printers.

For a time strike talk was uppermost and it looked as if the meeting would decide in favor of one. Just at the critical moment an old grey-bearded printer arose and asked for a minute's hearing. He said some years before that eleven states had gone on a strike against the United States Government, declaring that they would bring the Government to terms, and for years the battle raged and the striking states were beaten. "I was one of the strikers to go out against the Government and I was glad enough to get back again, and after my one experience in fighting the Government of the United States I don't intend to go on another strike. It don't pay." The old man's words had an immediate effect and the hot-headed leaders who were talking strike found the sentiment at once changed and the meeting was adjourned and no strike was ordered.

"As Ye Sow, So Shall Ye Reap!"

The Bible so states, and the Bible is truth. Some sow wild oats and reap the whirlwind; others sow good deeds and reap contentment; but nearly every one sows wheat. In Mason and adjoining counties most every wheat sower reaps contentment, because they sow wheat with a Richmond Champion Patent Double Disc Drill. Fact! If doubtful send for our testimonial book. There are over 500 farmers in this section using Richmond Champion Drills. We would like for you to see what they say. That little disc does the business. Each feed run has two discs and the wheat is delivered between them. These two discs hold all the dirt out until the wheat reaches the bottom of the furrow and then covers it from both sides. The rains beat the dirt to the wheat from both sides. The wheat is fed from both sides in growing. PROVIDENCE HELPS THOSE WHO HELP THEMSELVES. Do your part by seeding as common sense teaches you is best and leave the results to Providence. Look at a CHAMPION DRILL and see if it is a common sense way of seeding.

Wagons than upon all others combined. We earnestly ask you to look at a Fish Bros.' Wagon.

Dysentery Cured Without the Aid of a Doctor.

"I am just up from a hard spell of the flux," says Mr. T. A. Pittner, a well known merchant of Drummond, Tenn. "I used one small bottle of Chamberlain's Colic, Cholera and Diarrhea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used, for no doctor can prescribe a better medicine for bowel complaints in any form either for children or adults. It never fails and is pleasant to take. For sale by J. Jas. Wood & Son, Druggists.

CAN'T BE SEPARATED.

Some Maysville People Have Learned
How to Get Rid of Both.

Backache and kidney ache are twin
brothers;

You can't separate them;
And you can't get rid of the backache
until you cure the kidney ache.

If the kidneys are well and strong, the
rest of the system is pretty sure to be in
vigorous health.

**Doan's Kidney Pills make strong
healthy kidneys.**

Mrs. E. J. Thompson of 911 East
Second street says:

"Mr. Thompson procured Doan's Kid-
ney Pills at J. Jas. Wood & Son's Drug-
store, corner of West Second and Market
streets, and speaks in high praise
of their curative powers. Entire exemption
from suffering from backache is
something so entirely unusual that a
remedy which acts so promptly and effec-
tively as did Doan's Kidney Pills is
a most desirable one of which to know."

MOUNT GILEAD.

The men and boys are endeavoring to get up a sufficient company to enable them to charter a car to go to Montana in a few days.

The long, wearisome drought is at last broken by a fairly good rain on last Wednesday night, followed by a gentle soaking shower on Friday. If it continues seasonable—as the fellow says—many a nubbin may be spoiled yet.

We have it indirectly that the boys of Gildead vicinity, who were reported last week as having made a naughty raid in Mt. Carmel, want the report corrected. We know of no way of correcting it, as it was stated in referring to them as a party. If there should be one of the party who considers himself not so guilty as the rest he must remember the fact that he was in bad company and must suffer the consequences, after being heedless to the continuous warning not to keep bad company. If the young gentlemen need another dose and it is found out they really must have it, they will be accommodated. It is our duty to bring out the truth, so that wrong may be put right.
